

# NEVER ENOUGH

Lyrics and music by T. Bublitz

You are my best friend  
And we've shared our pain  
Standing together  
Against the rain  
Neither one would ever....  
Say goodbye  
But lately you seem to be...  
Dissatisfied

Seems like ...  
It's never enough  
Never enough  
Never enough for the two of us  
Never enough  
Just not enough  
Never ever, ever, ever enough

It's not always perfect  
But it ain't no lie  
I know I'll be with you  
'til the day we die  
But sometimes I feel  
Your restlessness  
Like something inside  
You just can't resist

It's never enough  
Never enough  
Never enough for the two of us  
Never enough  
Just not enough  
Never ever, ever, ever enough

As time goes ticking by I know...  
I don't want to lose you  
And if I had to choose again  
I would still choose you  
I know we fantasize  
The grass is greener on the other side  
I hope you realize  
Love is a thing that can't be denied

Never enough  
Never enough  
Never enough for the two of us  
Never enough  
Never enough  
Never, ever, ever, ever enough
